

2015 NISO EDUCATION PROGRAMS

www.niso.org 

2015 will be another strong year for NISO, led by a diverse Education Committee that will again work to produce a range of valuable and timely educational events. These events support the community by spreading the word about technology and standards in information exchange, encourage discussion or develop initiatives, and provide attendees an opportunity to learn and network with colleagues facing similar issues.

With a 2015 FEDLINK Subscription, your organization will receive access to each of the following events:

JANUARY 2015

- ❖ January 14: Net Neutrality: Will Library Resources Be Stuck in the Slow Lane? (NISO Webinar)

FEBRUARY 2015
