

Geospatial Platform Workshop

7-8 December, 2016

Department of the Interior

Please join us Wednesday and Thursday, 7-8 December 2016 at the Department of Interior for an in-depth discussion on the:

Geospatial Platform

Workshop sponsors are:

- Department of Interior
- Federal Geographic Data Committee
- National Geospatial-Intelligence Agency

The purpose of this workshop is to present the implementation of the Geospatial Platform (GeoPlatform) and share the GeoPlatform.gov functional capabilities to the community of data stewards who produce and use governmental, academic, private, and public data to inform national and regional issues. There will be presentations on the approaches underway at the GeoPlatform to improve awareness of and access to geospatial data; discussion on future development of the GeoPlatform and collaborative efforts with academia and other web-based data sharing capabilities.

Objectives of the Workshop:

- *Enhance Information Sharing capabilities of the Federal Government by encouraging dynamic geospatial data sharing through the web-service capabilities facilitated and promoted by the GeoPlatform*
- *Provide training on how to access, use, analyze, and share geospatial data through the GeoPlatform*
- *Enable community feedback to identify improvements for the GeoPlatform*

A detailed agenda will be published in the coming weeks.

Free registration for the event is now open at <http://wwhgd.org> with helpful logistics and a map. The Workshop will be broadcast as a webinar for those who cannot attend in person. **Please register for the event by Friday, October 28, 2016.**

Location: Department of the Interior, South Interior Building, 1925 Constitution Ave NW, Washington, DC 20240
